

calendar days from date access commenced. If the need for access is expected to continue for a period in excess of 30 days, written approval of the granting authority is required. At such time as it is determined that the need for access is expected to extend beyond 90 days, the individual concerned shall be promptly processed for the level of clearance required. When extended access has been approved, such access shall be cancelled at or before 90 days from original date of access.

(7) Access at the higher level shall be limited to information under the control and custody of the authorizing official and shall be afforded under the general supervision of a properly cleared employee. The employee charged with providing such supervision shall be responsible for:

(i) Recording the higher-level information actually revealed,

(ii) The date(s) such access is afforded; and

(iii) The daily retrieval of the material accessed.

(8) Access at the next higher level shall not be authorized for COMSEC, SCI, NATO, or foreign government information.

(9) The exercise of this provision shall be used sparingly and repeat use within any 12 month period on behalf of the same individual is prohibited. The approving authority shall maintain a record containing the following data with respect to each such access approved:

(i) The name, and SSN of the employee afforded higher level access.

(ii) The level of access authorized.

(iii) Justification for the access, to include an explanation of the compelling reason to grant the higher level access and specifically how the DoD mission would be furthered.

(iv) An unclassified description of the specific information to which access was authorized and the duration of access along with the date(s) access was afforded.

(v) A listing of the local records reviewed and a statement that no significant adverse information concerning the employee is known to exist.

(vi) The approving authority's signature certifying (h)(9) (i) through (v) of this section.

(vii) Copies of any pertinent briefing/debriefings administered to the employee.

(h) *Access by retired flag/general officers.* (1) Upon determination by an active duty flag/general officer that there are compelling reasons, in furtherance of the Department of Defense mission, to grant a retired flag/general officer access to classified information in connection with a specific DoD program or mission, for a period not greater than 90 days, the investigative requirements of this part may be waived. The access shall be limited to classified information at a level commensurate with the security clearance held at the time of retirement—not including access to SCI.

(2) The flag/general officer approving issuance of the clearance shall, provide the appropriate DoD Component central clearance facility a written record to be incorporated into the DCII detailing:

(i) Full identifying data pertaining to the cleared subject;

(ii) The classification of the information to which access was authorized.

(3) Such access may be granted only after the compelling reason and the specific aspect of the DoD mission which is served by granting such access has been detailed and under the condition that the classified materials involved are not removed from the confines of a government installation or other area approved for storage of DoD classified information.

[52 FR 11219, Apr. 8, 1987, as amended at 55 FR 3223, Jan. 31, 1990]

§ 154.17 Special access programs.

(a) *General.* It is the policy of the Department of Defense to establish, to the extent possible, uniform and consistent personnel security investigative requirements. Accordingly, investigations exceeding established requirements are authorized only when mandated by statute, national regulations, or international agreement. In this connection, there are certain Special Access programs originating at the national or international level that require personnel security investigations and procedures of a special nature. These programs and the special investigative requirements imposed by them

are described in this section. A Special Access program is any program designed to control access, distribution, and protection of particularly sensitive information established pursuant to section 4–2 of Executive Order 12356 and prior Orders. Title 32 CFR part 159 governs the establishment of Departmental Special Access Programs.

(b) *Sensitive Compartmented Information (SCI)*. (1) The investigative requirements for access to SCI is an SBI (See paragraph 4, Appendix A) including a NAC on the individual's spouse or cohabitant. When conditions indicate, additional investigation shall be conducted on the spouse of the individual and members of the immediate family (or other persons to whom the individual is bound by affection or obligation) to the extent necessary to permit a determination by the adjudication agency that the Personnel Security standards of DCID 1/14 are met.

(2) A previous investigation conducted within the past five years which substantially meets the investigative requirements prescribed by this section may serve as a basis for granting access approval provided that there has been no break in the individual's military service, DoD civilian employment, or access to classified information under the Industrial Security Program greater than 12 months. The individual shall submit one copy of an updated PSQ covering the period since the completion of the last SBI.

(c) *Single Integrated Operation Plan—Extremely Sensitive Information (SIOP–ESI)*. The investigative requirement for access to SIOP–ESI is an SBI, including a NAC on the spouse and the individual's immediate family who are 18 years of age or over and who are U.S. citizens other than by birth or who are resident aliens.

(d) *Presidential support activities*. (1) DoD Directive 5210.55¹ prescribes the policies and procedures for the nomination, screening, selection, and continued evaluation of DoD military and civilian personnel and contractor employees assigned to or utilized in Presidential Support activities. The type of investigation of individuals assigned to Presidential Support activities varies

according to whether the person investigated qualifies for Category One or Category Two as indicated below:

(i) *Category one*. (A) Personnel assigned on a permanent or full-time basis to duties in direct support of the President (including the office staff of the Director, White House Military Office, and all individuals under his control):

(1) Presidential aircrew and associated maintenance and security personnel.

(2) Personnel assigned to the White House communications activities and the Presidential retreat.

(3) White House transportation personnel.

(4) Presidential mess attendants and medical personnel.

(5) Other individuals filling administrative positions at the White House.

(B) Personnel assigned on a temporary or part-time basis to duties supporting the President:

(1) Military Social Aides.

(2) Selected security, transportation, flight-line safety, and baggage personnel.

(3) Others with similar duties.

(C) Personnel assigned to the Office of the Military Aide to the Vice President.

(ii) *Category two*. (A) Personnel assigned to honor guards, ceremonial units, and military bands who perform at Presidential functions and facilities.

(B) Employees of contractors who provide services or contractors employees who require unescorted access to Presidential Support areas, activities, or equipment—including maintenance of the Presidential retreat, communications, and aircraft.

(C) Individuals in designated units requiring a lesser degree of access to the President or Presidential Support activities.

(2) Personnel nominated for Category One duties must have been the subject of an SBI, including a NAC on the spouse and all members of the individual's immediate family of 18 years of age or over who are U.S. citizens other than by birth or who are resident aliens. The SBI must have been completed within the 12 months preceding

¹See footnote 1 to § 154.2(c).

selection for Presidential Support duties. If such an individual marries subsequent to the completion of the SBI, the required spouse check shall be made at that time.

(3) Personnel nominated for Category Two duties must have been the subject of a BI, including a NAC on the spouse and all members of the individual's immediate family of 18 years of age or over who are U.S. citizens other than by birth or who are resident aliens. The BI must have been completed within the 12 months preceding selection for Presidential Support duties. It should be noted that duties (separate and distinct from their Presidential Support responsibilities) of some Category Two personnel may make it necessary for them to have special access clearances which require an SBI.

(4) The U.S. citizenship of foreign-born immediate family members of all Presidential Support nominees must be verified by investigation.

(5) A limited number of Category One personnel having especially sensitive duties have been designated by the Director, White House Military Office as "Category A." These personnel shall be investigated under special scoping in accordance with the requirements of the Memorandum of Understanding between the Director, White House Military Office and the Special Assistant to the Secretary and Deputy Secretary of Defense, July 30, 1980.

(e) *Nuclear Weapon Personnel Reliability Program (PRP)*. (1) DoD Directive 5210.42¹ sets forth the standards of individual reliability required for personnel performing duties associated with nuclear weapons and nuclear components. The investigative requirement for personnel performing such duties is:

(i) *Critical position: BI*. In the event that it becomes necessary to consider an individual for a critical position and the required BI has not been completed, interim certification may be made under carefully controlled conditions as set forth below.

(A) The individual has had a favorable DNACI, NAC (or ENTNAC) within the past 5 years without a break in service or employment in excess of 1 year.

(B) The BI has been requested.

(C) All other requirements of the PRP screening process have been fulfilled.

(D) The individual is identified to supervisory personnel as being certified on an interim basis.

(E) The individual is not used in a two-man team with another such individual.

(F) Justification of the need for interim certification is documented by the certifying official.

(G) Should the BI not be completed within 150 days from the date of the request, the certifying official shall query the Component clearance authority, who shall ascertain from DIS the status of the investigation. On the basis of such information, the certifying official shall determine whether to continue or to withdraw the interim certification.

(ii) *Controlled position: DNACI/NACI*. (A) An ENTNAC completed for the purpose of first term enlistment or induction into the Armed Forces does not satisfy this requirement.

(B) Interim certification is authorized for an individual who has not had a DNACI/NACI completed within the past 5 years, subject to the following conditions:

(1) The individual has had a favorable ENTNAC/NAC, or higher investigation, that is more than 5 years old and has not had a break in service or employment in excess of 1 year.

(2) A DNACI/NACI has been requested at the time of interim certification.

(3) All other requirements of the PRP screening process have been fulfilled.

(4) Should the DNACI/NACI not be completed within 90 days from the date of the request, the procedures set forth in paragraph (e)(1)(i)(G) of this section for ascertaining the delay of the investigation in the case of a critical position shall apply.

(iii) *Additional requirements apply*. (A) The investigation upon which certification is based must have been completed within the last 5 years from the date of initial assignment to a PRP position and there must not have been a break in service or employment in excess of 1 year between completion of the investigation and initial assignment.

¹ See footnote 1 to § 154.2(c).

(B) In those cases in which the investigation was completed more than 5 years prior to initial assignment or in which there has been a break in service or employment in excess of 1 year subsequent to completion of the investigation, a reinvestigation is required.

(C) Subsequent to initial assignment to the PRP, reinvestigation is not required so long as the individual remains in the PRP.

(D) A medical evaluation of the individual as set forth in DoD Directive 5210.42.

(E) Review of the individual's personnel file and other official records and information locally available concerning behavior or conduct which is relevant to PRP standards.

(F) A personal interview with the individual for the purpose of informing him of the significance of the assignment, reliability standards, the need for reliable performance, and of ascertaining his attitude with respect to the PRP.

(G) Service in the Army, Navy and Air Force Reserve does not constitute active service for PRP purposes.

(f) *Access to North Atlantic Treaty Organization (NATO) classified information.*

(1) Personnel assigned to a NATO staff position requiring access to NATO Cosmic (Top Secret), Secret, or Confidential information shall have been the subject of a favorably adjudicated BI (10 year scope), DNACI/NACI or NAC/ENTNAC, current within five years prior to the assignment, in accordance with USSAN Instruction 1-69 and §154.19(f).

(2) Personnel *not* assigned to a NATO staff position, but requiring access to NATO Cosmic, Secret or Confidential information in the normal course of their duties, must possess the equivalent final U.S. security clearance based upon the appropriate personnel security investigation (Appendix A) required by §§154.16(b) and 154.19(j) of this part.

(g) *Other special access programs.* Special investigative requirements for Special Access programs not provided for in this paragraph may not be established without the written approval of the Deputy Under Secretary of Defense for Policy.

§ 154.18 Certain positions not necessarily requiring access to classified information.

(a) *General.* DoD Directive 5200.8¹ outlines the authority of military commanders under the Internal Security Act of 1950 to issue orders and regulations for the protection of property or places under their command. Essential to carrying out this responsibility is a commander's need to protect the command against the action of untrustworthy persons. Normally, the investigative requirements prescribed in this part should suffice to enable a commander to determine the trustworthiness of individuals whose duties require access to classified information or appointment to positions that are sensitive and do not involve such access. However, there are certain categories of positions or duties which, although not requiring access to classified information, if performed by untrustworthy persons, could enable them to jeopardize the security of the command or otherwise endanger the national security. The investigative requirements for such positions or duties are detailed in this section.

(b) *Access to restricted areas, sensitive information or equipment not involving access to classified information.* (1) Access to restricted areas, sensitive information or equipment by DoD military, civilian or contractor personnel shall be limited to those individuals who have been determined trustworthy as a result of the favorable completion of a NAC (or ENTNAC) or who are under the escort of appropriately cleared personnel. Where escorting such persons is not feasible, a NAC shall be conducted and favorably reviewed by the appropriate component agency or activity prior to permitting such access. DoD Components shall not request, and shall not direct or permit their contractors to request, security clearances to permit access to areas when access to classified information is not required in the normal course of duties or which should be precluded by appropriate security measures. In determining trustworthiness under this paragraph, the provisions of §154.7 and Appendix H will be utilized.

¹ See footnote 1 to §154.2(c).
